Question-1:Please tell me something about yourself. (আপনার নিজের সম্পর্কে কিছু বলুন।)

Answer:I am Nilima Jahan Pritom, a junior front-end Web developer. I am doing hons in BSc at the National University of Bangladesh. Currently, I am focused on building my career in Web development. My goal is to become a successful Fullstack developer.

Question-2:Tell us something about your strength.(আপনার নিজের স্ট্রং কিংবা পজিটিভ গুণ সম্পর্কে কিছু বলুন।)

My strength is that I always try to stay focus   by giving my   100% efforts in my work and I don't give up until I reach my goal also I always try my best to stay honest no matter what the situation is.

Question-3:Tell us something about your weakness. (আপনার নিজের দুর্বল কিংবা নেগেটিভ গুণ সম্পর্কে কিছু বলুন।)

Answer:My weakness is I have low self-esteem . It's hard for me to believe easily that I can achieve my desired thing even though I try my heart and soul for that.

Question-4:Tell us something about your best project. (আপনার বেস্ট প্রজেক্ট নিয়ে কিছু বলুন)

Answer: It's hard for me to choose one as my best project. The project called Assignment Allies is my favorite website or the best project I made so far. On this website, you can :

1/Connect with friends, share assignments, and learn together.
2/Easily create and share assignments for joint efforts.
3/Receive helpful feedback to improve your academic performance.
4/MongoDB and Firebase ensure your data is secure.
5/React.js and Tailwind CSS for an easy and intuitive experience.
Technologies i used in my AssignmentAllies website are:
Frontend: React.js, Backend: Node.js with Express, Database: MongoDB, Authentication: Firebase, Styling: Tailwind CSS.
I made this whole website in 4 days .While creating this website I understood my ability of expressing my imagination in the ui of my website through codding .

Question-5:What is your vision in this web development field that you want to achieve in next 4-5 years? (ওয়েব ডেভেলপমেন্ট ফিল্ড এ আপনার ভিশন কি যা আপনি আগামী ৪-৫ বছরে এচিভ করতে ইচ্ছুক)

Answer:My vision is to become a creative and trustworthy full-stack web developer and create websites with the best user experience and fancy looking interface .
